

# Regarding the CSC-MCA Conference

## From the MCA Executive Director:

And while we have passed the date for hotel reservations, here is where we are at as we still prepare for our 100<sup>th</sup> Anniversary in Columbia”

1) **You can still book your registration packet.** Key note: It also is your food package as well! **My recommendation is to buy the total package, which is what I did - it is just easier to do that.** The cutoff date is 24 July.

2) When you are doing your registration, you will see some Frequently Asked Questions. One of them is if it possible to walk up and do a “real time” registration. That has a two-part answer: **Yes, you can attend the event, however as it would be after the 7 day cutoff for the food and beverage contract, you will be able to start your weight loss program you have put off previously. Don’t delay, register today!**
